

J-SORTRANK

English primary; Chinese support.

Problem: SORTRANK

Input

The first line contains an integer N.

Each of the next N lines contains a name and a score.

Output

Print the ranking list sorted by score descending.

If two students have the same score, sort them by name in ascending alphabetical order.

Constraints

 $1 \leq N \leq 1000$

Names contain only English letters and no spaces.

0 <= score <= 100

Sample Input

4

Amy 75

Ben 88

Cody 88

Dora 60

Sample Output

Ben 88

Cody 88

Amy 75

Dora 60
